

## Tech-equality

### BYOD Checklist

BYOD Readiness Checklist	Initial planning	Ready
<b>Network</b>		
1. Robust technology infrastructure ready for 30+ students in every class to be accessing it at one time.		
2. Secure network in place.		
<b>Policies in Place</b>		
3. Device usage before/after/break and lunchtimes.		
4. Students texting parents during the school day. Y/N?		
5. Types of devices that are acceptable. Any? Phones?		
6. System in place for broken devices.		
7. System in place for when a child forgets their device.		
8. Policy in place for when students are caught playing games. (Re-teach digital citizenship?)		
9. System in place for evaluating in the first week of school who has what device and who might need help with getting a device.		
<b>Teachers</b>		
10. Agreement that every teacher will integrate technology into every class.		
11. Regular PDs offered to teacher around technology, technology expectations and support.		
12. Curriculum given to teachers and sufficient support give for Digital Citizenship to be integrated into classes.		
13. Posters with expectations for every class.		

<b>Students</b>		
14. Digital citizenship understood.		
15. Sign agreement to bring device everyday.		
<b>Add Your Own</b>
